

What events have marked the development of this STS formation?

The critical technical practice laboratory at the Madeira Interactive Technologies Institute in Funchal, Portugal hosted scholars, technologists, and cultural producers from September 1, 2017 – September 2, 2017. The conference aimed to reinvestigate these relationships and more in order to engender dialog between African and western audiences and participants.

Strategic Narratives of Technology and Africa STS in "Africa" in Formation

Chaudhury, Aadita. 2018. "Strategic Narratives of Technology and Africa" In Events: STS in "Africa", created by Aadita Chaudhury.
