

Accountability

Agriculture

As colonialism / imperialism

The co/intra-influence of agriculture into other space (e.g. eugenics) that's not always immediate

History of

Asian / Asian American settler colonialism x imperialism

Carcerality + punishment

Abolition

Connections with carceral state beyond the prison

Links between industrialized agriculture x the US Carceral state

Care!!!

Care labor of multiple scales

Care labor in the university

Care =/= universally desired / an uncomplicated "good"

Transnational care

Critical Geography

Extraction

Disability Justice

Critical Access Studies

Care

Disability justice x environmentalism

Friction

Mutual Aid

Discard Studies

Materiality of

Environment

Colonialism x environment

Environmental humanities

Imperialism x environment

Manufactured scarcity as technoscience

Metabolic rift x discard studies

Teaching "sustainability" through anti/decolonial and disability justice frameworks

Moving beyond tech-fixes and green-washing

How to teach critical environmentalism to engineering students

Eugenics

Food

Affect (e.g. shame, moralization) related to food/eating

Cultural dimensions of

Food apartheid

Food sovereignty

Food as technoscience (of both control *and* resistance)

Friendship (through feminist-, queer-, and crip-of-color frameworks)

Conflict (from feminist and abolitionist theories of conflict and harm)

Healthism

Nutritionism

(Life under/with) late industrialisms

Agriculture

- Food, hunger, waste as exposure and pollution
- Methods / methodology
 - Experimental methods
- Racial capitalism
- Relations (multiple-scaled)
- Reimagining the university
 - Academic ableism
 - Contingency
 - Graduate education
 - “Alt-Ac” positions
 - Creative writing as praxis
 - Teaching education
 - Teaching outside of 4-year urban universities in the US
- Political economy of universities
 - Elitism
 - Geography x transnational approaches
- Undergraduate education (STS as critical pedagogy)
 - Pre-medical education x STS x disability justice frameworks
 - Undergraduate unwellness x disabling universities
- Universities as land-grab, landlord, and hoarding of resources
- Social movements
 - Direct Action
